

## **Stallion First Season Infertility Insurance Veterinary Certificate**

**Note to attending Veterinary Surgeon:**

Underwriters recognise and acknowledge that some of the questions will be difficult or impossible to answer because of the Stallion's temperament or other factors. In such cases please simply record the words "NOT POSSIBLE" and, if you consider it helpful or relevant to potential Underwriter, state the reason why.

Underwriters will adjudge the acceptance of the proposed insurance from those answers you are able to give below. If there are any other factors which you feel are relevant to the insurance of this stallion please state these as follows:
