

### **IMPORT TEST EXTENSION**

In consideration of the premium stated hereon, this policy is extended to provide indemnity for costs and expenses incurred up to a maximum of AUD 30,000 if the horse noted in the schedule fails to pass retests as specified below on arrival in the country of export after having been bought and imported from Australia or another country agreed by Underwriters.

#### **Tests**

Equine Infectious Anaemia

Equine Viral Arteritis

Piroplasmosis

Contagious Equine Metritis

Vesticular Stomatitis

Glanders

Dourine

#### **Warranted**

- (a) All tests have been passed in and prior to export from country of origin.
- (b) Any tests performed on arrival in the country in the country of export are for the same tests as those performed in the country of origin.
- (c) Testing is carried out in the same manner to the same protocols and standards as those performed in the country of origin.

In the event that expenses incurred are in excess of the capital sum insured Underwriters reserve the right to pay the capital value and take unencumbered ownership of the horse.
